We could not be happier with our wedding photos! We wanted candid, documentary-style photos from our wedding - especially the reception - and chose Heather because she seemed to excel at that style. And she and her team more than delivered!! They were professional and fun to work with, and captured every last one of our favorite moments. They even managed to make the “posed” family photos look relaxed and natural. I especially love that they got so many great photos of our guests. It’s such a gift for us to have these photos to relive that day again and again.

Heather and the team made my husband and I feel so comfortable in front of the camera! They really listened to what we wanted and delivered exceptional photos (and so many to pick from)! They captured the chemistry of our relationship, the fun of our party and each detail that took on a sentimental meaning. I will cherish these photos for the rest of my life so thank you guys and I so recommend them!! - Tionna C

What areas do you cover or travel to frequently?

Frequently we are shooting in SoCal / SF / National Parks + dance floors world wide! + destination:) We do love to travel, so please do not hesitate to inquire with your elopement or wedding abroad.

Whats your turnaround time, after the event?

Once your wedding comes up for edit, it only takes 5-7 business days to complete + upload time/days(1-5 business days).

How would you describe your style?

Mainly we shoot with an elegant/styled/documentary, from this technique we capture your honest true moments, for your family to cherish for generations to come.

If we have a designation wedding whats the cost there?

Same coverage info, just you cover the ticket and accomidation for the team.

Do we come to your studio to meet?

Mostly we Facetime/Skype, but if we do plan to meet up, we'll come to a convenient location for you and your fiancé. Once your date is secured, we set up a time to meet and do a walkthrough.

Usually we love to spend a little time together before, and get to know each other more than where you want to take your photos on the day, its a great way to learn what your story has been so far, and helps us to illustrate it through your wedding day photos.

Whats an engagement session?

We love enagemetn sessions, it allows us to get to know each other super well, while having a blast! It also helps our couple feel more confident in front of the camera.

What other types of event do you cover?

Engagement Live coverage//Engagement Portrait Session//Boudoir//Pre-Event Coverage ie showers/bachelorette parties+//Post Event portrait sessoins//Maternity/Anniversary//Family, also Newborn+you name it

When does the coverage start?

Whenever you want! We shoot to and try to obtain full coverage, no matter the size of the wedding. We don't ever want our couple to say, oh I wish I had a photo of... It just breaks my heart to hear friends and others say this to me!

How many images do you take during the day?

That depends on how much coverage you purchase. Generally, on an 8 hour wedding day, my second and I will shoot between 5000-10000 images! However there is no minimum or maximum.

Do you have a set number of images you take and won't go over?

No we take as many as we need, to show the story of your day. That is the most important part! Making sure we've captured the day!

What payment options do we have?

To ensure that your date is secured, we require a 50% deposit + your signed estimate. Payments are not an issue, simply express your desired period of repayment and we can go from there :)

For your convenience we accept and offer Venmo, ChaseQuickPay(Zelle), Check, Credit(Square Invoice), we also offer payment plan options.

LOOKING FORWARD TO CAPTURING YOUR STORY
