Please give me advance notice on larger orders, and I can order you with a quote on the additional cost of pre-packaging each print for each size available. I use mdf hardboard or acid free backing and a plastic slip.

Prices are subject to change with the wood cost fluctuation and some papers and packaging materials are not always in stock or available. Please ask for a quote and availability on your specific project, and understand the market fluctuates and changes and I reserve the right to change rates

### Addition Pricing and Info:

Proofing/setup cost: \$35 per image. If proofing service is not utilized in a particular case, there is a setup fee of \$20 per image and the image file will be printed as received. Note: this could result in image being too dark or having other color issues if the file required editing specific to the needs of the calibrated equipment. No refunds will be issued once artwork is printed

Rush Orders: Orders are completed in order received and there may be a wait period of days to weeks before your project is next in line. If a rush order of 1-2 days is necessary a fee of \$45 will be added to the order and each project will have to be assessed to see if there is a possibility to get your project done in the short time frame. On average, most standard size orders are processed in a week or two from order placement.

In addition, please allow extra time during busy seasons for order completion and place your orders early: i.e Christmas, Springtime when lots of projects are coming in for professional artists. If a full order can't be printed by a special deadline, such as birthday or holiday I can offer a small example print of the project to give as a gift that can come earlier than the larger project! Please keep in mind, work is more easily processed in bulk and I do not drop ship individual orders for artists. Suggest a stock of at least 3 of each print you are offering for sale at any time

**Payment: Any orders over \$500 require payment of ½ down in advance with a signed contract. After order is submitted and approved, no refunds are issued once printing has started. Payment is due in full at order pickup.**
