Greeting Card Formatting and printing Not offered at this time

*Prices are subject to change with the paper cost fluctuation and some papers are not always in stock or available. Please ask for a quote and availability on your specific project, and understand the paper market fluctuates and changes quite frequently. Quotes and pricing are valid for 60 days after received only.

Print sizes under 8x10 not offered. Borderless prints cost slightly more for ink usage and are measured w at least 1" border around printed image even if border is trimmed to account for printed waste. Hourly is calculated on projects for extensive editing, emailing beyond first proofing and is charged at \$45hr+ cost of printing again if necessary or requested. If additional quote adjustment changes/requests and emailing for the project details becomes extensive, over 1 hours prep, hourly is also charged in .25hr intervals at \$45/hr for multiple quote changes, phone time ironing out details and/or detailed print setup including titling.

Formatting for prints is included in proofing cost for up to 2 sizings with additional requests for sizings charged w hourly setup. All files saved for future printings so once we have formatted we can easily print as is next time!

Payment: All orders need to be paid at the time the order is placed and/ or the quote is signed. After proofing is approved and order has been placed, there are no refunds on projects.

Addition Pricing and Info:

Proofing/setup cost: \$45 per image. If proofing service is not utilized in a particular case, there is a setup fee of \$30 image and the image file will be printed as received. Note: this could result in image being too dark or having other color issues if the file required editing specific to the needs of the calibrated equipment. No refunds will be issued once artwork is printed

Rush Orders: Orders are completed in order received and there may be a wait period of days to weeks before your project is next in line. If a rush order of 1-2 days is necessary a fee of \$60 will be added to the order and each project will have to be assessed to see if there is a possibility to get your project done in the short time frame. On average, most standard size orders are processed in a week or two from order placement, but larger orders where ordering supplies are necessary could take longer.

In addition, please allow extra time during busy seasons for order completion and place your orders early: i.e Christmas, Springtime when lots of projects are coming in for professional artists. If a full order can't be printed by a special deadline, such as birthday or holiday I can offer a small example print of the project to give as a gift that can come earlier than the larger project! Please keep in mind, work is more easily processed in bulk and I do not drop ship individual orders for artists. Suggest a stock of at least 3 of each print you are offering for sale at any time.

Payment: All orders need to be paid at the time the order is placed and quote is signed. After proofing is approved and order has been placed, there are no refunds on projects.
