NAGRA SD
2-channel hand-held recorder
High quality solid-state audio recorder, the Nagra SD is designed initially for
journalism, but can be used in any ultra-portable recording situation, and can
replace MINIDISK©. Its recording media is a removable SD memory card, there is no
limit to the card size allowed. It records PCM Mono or Stereo audio wav files or
MPEG compression allowing for longer recording times (e.g. 278 hours on a 4 GB
card 32 kbits/sec). The unit is powered by two "AA" batteries, offering in excess of
10 hours operation.
