

***Duration* print pricing 11/2021**

All *Duration* prints are made using high-quality archival pigment inkjet printers, at high resolution. All (except “Sheets”--see below) are printed on 44-inch (112 cm)-wide Hahnemühle Photo Rag 308 gsm paper.

Full-size images are almost universally 36 inches (91.5 cm) tall, and variable in width. They are bounded by blank borders on all sides. The measurements listed on the website for each print are for image size only, excluding borders. Individual image sizes can be seen by moving the cursor over a particular picture in one of the portfolios.

Full-size prints are USD \$200 per running foot (approx. 30.5 cm). Thus, for example, a six-foot (183 cm)-wide print costs \$1200. This price includes packaging, US domestic shipping and insurance. International shipping will likely incur additional expense, depending on the destination.

“Sheets” are printed on 17 x 22 inch (43 x 56 cm) paper. They cost USD \$200 each, plus USD \$15 for US domestic shipping. International shipping will likely incur additional expense, depending on the destination. Only certain images are available as Sheets: please refer to the website, under “Smaller Duration Images”.

Please contact me through the “Phil Harris/Contact” page for further information about materials used, pricing, shipping, and so on. I'm happy to help.
