

An aerial photograph of a white yacht sailing on a deep blue sea. The yacht's deck is made of light-colored wood and features several seating areas with white cushions. A woman in a white dress is walking on the deck. The yacht is moving towards the top right of the frame, leaving a white wake behind it. The text "COMMISSIONED YACHTSHOOTS" is overlaid in the top left corner, and "1986 - 2025" is overlaid in the bottom right corner.

"Alexis is a superb choice, an excellent photographer well aware of what is involved regarding specifics of shooting a superyacht — he is also mindful when working with captains and crew. "

ALEXIS ANDREWS

For over three decades I have enjoyed the privilege of being trusted with some of the most demanding briefs in the yachting industry. Whether working directly for owners, designers, art directors, charter agents, management companies, advertising agencies or magazines, a strong appreciation for great design continues to inspire each and every shoot.
