

DIAMOND-FLASH FRIEND

I see you a multi-faceted diamond,
Twirling, twinkling, in a hot sun ray.
Every second you change
On second (flash) friendly,
Then (flash) far-away,
 Faster,
 Faster,
 Faster,
 Flashing,
Each flash, my impression
Changing each flash,
My feeling changing,
Slow the flash-changes (in my mind—in you)
Stop the flash-changes (in you—in my mind)
So that I can have more than a
Split second to see
Exactly how I feel about you.
