

CHEATIN'

Each sweet kiss,
 Each tender caress,
 Each touch and look,
In your very loving way
 Made me feel loved inside-out and back again,
 Made me want to hold on forever,
 Hold on to you forever.

Til I remembered that the only drawback...
That very special loving way that I thought was special to ME
And to ME only,
Was passed on to another...
And another...

Til I sat here alone wondering
Where you are,
Who you're with, and
wishing it could be,
wishing it would be
like the good old loving days when you gave
Each sweet kiss,
Each tender caress,
Each touch and look
to ME
and ONLY ME.

Each sweet kiss,
Each tender caress,
Each touch and look
Used to make me feel loved completely
Inside-out and back again
Made me just want to hold onto you a little while longer,
Until we got stale,
And you strayed....
for the very last time.

Adios.
