

TWO STEPS PAST

Two steps,
Two steps,
We dance two steps in tune.
Swirls, spins, two steps,
Just we two.

One plus one, two steps
In time, In tune,

You plus me, two steps
In time, In tune.

Two tiny steps,
Two steps make the long journey,
In time, In tune.

Two steps, three.
Whoa
Did I misstep?
Did I step on your toes?

You stepped...
You stepped out.
You strayed,
I stayed on our dance floor.
You wanted something else, not more.

What happened to our time?
What happened to our tune?

Now you say that I am two steps,
Two steps behind,
You say that I am two steps past stupid.

Two steps,
No more in time.
 No more in tune.

You say I am two steps,
You say I am two steps past.
You say I am two steps past, (pause) stupid.
