

FITTING MODELS

What You Can Expect

Paid ***fit modeling or fitting model*** contains nudity (dressing room / implied / artistic).

- No age requirement
 - Professional and safe work environment or can work from your location if desired
 - Target measurement requirements [sizes 0-4]
 - 8 hour shifts
 - Pay is at the approximate rate of \$25 per hour and includes a 15 minute break every hour.
 - Duties include: taking reference photos, measurements & acting as a live mannequin for clothing
1. **Please wear loose, non-constricting clothing to your shoot. Do not arrive in undergarments, shape wear, and/or swimwear; which may leave marks and bruising of the skin. This is not a desire effect, so please leave them at home or in your bag to change into after the session/appointment.**
 2. Before the appointment you will be given the opportunity to ask questions. There are no stupid questions; if you have any, ask them. The model- release contract will be explained to you. Again, if you have any questions, please ask them.
 3. **After the appointment you will be paid and will be asked to sign a release. Signing the release is a condition of being paid.**
 4. After signing the release, you will be given a questionnaire. This gives you the opportunity to critique me as a photographer.
 5. **Up to four selected 8 x 10 “straight” photography images of photos taken during your modeling session may be purchased at cost (10 USD per print/image or 15 USD for both). Alternatively, two special effects (digitally enhanced) images made from photos taken during your photography session may be purchased at cost (20 USD per print/image or 25 USD for both). All other photos will be considered unpublished reference photos, unless (see clause 6.)**
 6. Modeling in exchange for prints/CD/DVD/Blu-Ray/Thumb Drive/Hard Drive, etc., may be negotiated (usually not for payment), but I will retain the negatives and the copyright.
