

## LOOKBOOK MODELS

### What You Can Expect

Paid **lookbook modeling or catalog modeling** contains nudity (dressing room / implied / artistic).

- Must first qualify and process as a [ **Fitting Model**, see **FITTING MODEL, What You Can Expect** ]
- No age requirement
- Work from “in-studio” or “on-location”
- Target measurement requirements [ sizes 0-4 ]
- 10 hour shifts
- Pay is at the approximate rate of \$25 per hour and includes a 15 minute break every hour.
- Duties include: posing in clothing, lingerie, swimwear and heeled footwear for extended periods of time

1. **Please wear loose, non-constricting clothing to your shoot. Do not arrive in undergarments, shape wear, and/or swimwear; which may leave marks and bruising of the skin. This is not a desire effect, so please leave them at home or in your bag to change into after the session/appointment.**
2. Before the shoot you will be given the opportunity to ask questions. There are no stupid questions; if you have any, ask them. The model- release contract will be explained to you. Again, if you have any questions, please ask them.
3. **During the breaks, I will provide a bathrobe, slippers and refreshments.**
4. After the photo shoot you will be paid and will be asked to sign a release. Signing the release is a condition of being paid.
5. **After signing the release, you will be given a questionnaire. This gives you the opportunity to critique me as a photographer.**
6. Up to four selected 8 x 10 “straight” photography images of photos taken during your modeling session may be purchased at cost (10 USD per print/image or 15 USD for both). Alternatively, two special effects (digitally enhanced) images made from photos taken during your photography session may be purchased at cost (20 USD per print/image or 25 USD for both). All other photos will be considered limited edition/reproduction prints, unless (see clause 7.)
7. **Modeling in exchange for prints/CD/DVD/Blu-Ray/Thumb Drive/Hard Drive, etc., may be negotiated (usually not for payment), but I will retain the negatives and the copyright.**
